

# City of Colusa Public Notice

## **City of Colusa Road Work Begins Thursday, July 10, 2025**

The City of Colusa will begin street resurfacing work on Thursday, July 10, 2025, as part of its ongoing effort to maintain and improve local roadways. Work will continue through Tuesday, July 15, 2025, following the attached schedule.

This street maintenance project will utilize Recycled Asphalt Concrete (RAC) and is funded through Measure B and a CalRecycle Rubberized Pavement Grant.

In conjunction with the street work, tree maintenance will be performed in project areas to lift the canopy and improve line-of-sight and clearance for vehicles and pedestrians.

Residents are advised to observe all posted signage and traffic control for the safety of workers and the public. Some temporary closures or limited access may occur during active work hours.

We appreciate your patience and cooperation as we work to enhance the safety and durability of our streets.

For questions, please contact City Hall at (530) 458-4740, email [citymanager@cityofcolusa.gov](mailto:citymanager@cityofcolusa.gov), or visit [www.cityofcolusa.com](http://www.cityofcolusa.com).
